

Waldorf education works with the growing capacities of your young child to cultivate a passion for learning:

- Joy in movement
- Development of the imagination
- Reverence for the natural world
- Plenty of outdoor play in nature
- Beautiful surroundings
- Emphasis on rhythm, simplicity, and balance
- Rich story curriculum

**PARENT & TOT CLASS** A great way for parents to explore the philosophy of Waldorf early childhood education while their children build motor, social, and speech skills.

**THREE-DAY PRESCHOOL** Serves as a transition from Parent & Tot to Preschool over the course of the fall. Class meets three days per week, four hours per day. In the early weeks, parents may stay for a portion of the morning, until their children are comfortably settled. Over time, the children learn to separate from parents with ease and move into their daily rhythm with a sense of security and adventure.

**FIVE-DAY PRESCHOOL** Our program provides nourishment for young children’s imaginations, physical challenges for their bodies, and a loving, beautiful environment for their hearts.

**KINDERGARTEN** For children ages four through six, this two-year, mixed-age program offers a home-like environment designed with joyful learning in mind.
